Board Hires 2 New Teachers, Awards Painting Contracts

The Board of Education, in a three-hour long session Tuesday night, hired two teachers and selected bids for five school painting projects.

Appointed to teach in Salem schools were Mrs. Victoria Hum of Lisbon and Paul Roher of Winona. Mrs. Hum will teach at the Junior High and Mr. Roher at Buckeye School.

Contracts for painting the high school gymnasium, the high school, Reilly, Prospect and McKinley grade schools were awarded to four painters from a list of 14 bidding on the projects.

Mrs. Hum, who has had 26 years teaching experience, will teach English at the Junior High and especially will work with retarded children.

She has a two-year diploma from Kent State University, a Bachelor of Science degree in education from Youngstown College, and has done graduate work at Kent State.

Was Principal In Lisbon

She taught at Furnace School in Lisbon 1927-28, and at the Lincoln School in Lisbon 1928-52 at which time she became principal there with relief classes only.

Paul Roher has taught English, speech and history at United Local School since 1951. He was graduated from Asbury College with a Bachelor of Arts degree in 1950 and has taken graduate study at Kent State.

The hiring of the two teachers fills two of three vacancies for the coming school year, Supt. E. S. Kerr told board members. An art teacher is still needed for the high school, he said.

Total costs on the five contracts awarded the four painters were $3,627.

Schools to be Painted

Lovell Bird of 840 W. Pershing St. was awarded the job of cleaning and applying two coats of paint to the ceiling of the high school gym on his bid of $575. He will also clean and apply two coats of paint to all woodwork on the exterior of Reilly School. His bid on the second job was $1,065.

The job of cleaning and applying two coats of paint to all exterior woodwork of Salem High School was awarded to K. T. Umstead of the Sebring-Pine Lake Rd. and Vern Rich of 589 Woodland Ave. The two men submitted a joint bid of $1,552.

Robert Moore of Damascus was awarded the jobs of cleaning and applying two coats of paint to all exterior woodwork on the new additions at Prospect and McKinley schools. Moore bid $225 on the Prospect School project and $210 on the McKinley School job.

In other business, the school board decided to advertise for bids on 48 steel lockers and 48 stools to be used in the Junior

Suspension Of Fireman Illegal

Ruling Is Made By Civil Service Body

In a letter received Tuesday by Daniel Papic, city fireman who was given a week's suspension last month for "insubordination," the Civil Service Commission "after careful consideration" refused to hear Papic's appeal on the matter.

The commission ruled that the procedure followed by the persons involved were invalid.

The ruling declared:

"The Civil Service rules of the Municipal Civil Service Commission of Salem, under authority of Section 143.03 of the revised code of Ohio provide in Rule 7, Section 1 and 2 of the Municipal Code: in part thereof: Quote: "except that the chief of police or the chief of the fire department may suspend for reasons specified in Section 737.21 of the General Code of Ohio.

"The procedure followed in this matter clearly deviated from the procedure outlined above, or any authorized procedure, in that the complaint was improperly filed, and no report of the suspension was filed with the Commission, and it might be added, that if a valid order of suspension had been issued, the procedure followed in requesting this hearing was incorrect.

"The commission wishes to emhasize that it is not determining the merits of this matter, but wishes to state that if the charges made were properly brought and substantiated, this commission would of necessity uphold a suspension.

"This commission wishes to advise that the procedure set forth in Rule 7 of the municipal rules will be followed hereafter, and to call particular attention to the fact that the chiefs of police and fire departments have the power to suspend for any cause set forth in Section 737.12 of the Revised Code of Ohio."

The letter was signed by members of the commission, W. Ray Pearce, president, Wallace Stewart, James S. Jackson and Roy W. Harris, clerk.

Papic, who returned to the department June 30, received pay for

City Electrician Seeks Funds For 'White Way'

Council Tuesday night referred to the finance committee a request from Walter M. Worman, city electrician, that Council immediately make funds available to enable the electric department to start work on the new "White Way lighting system in the business district.

In a letter to Service Director James Feiler, Worman cited the following reasons for his request:

"1. Price of materials and equipment with delivery dates as per bids are effective for only 30 days from date of opening which was June 16th.

"2. This phase of the overall widening program should be entirely completed, with the installation of the new system and removal of the old, before the state contractors move in; by doing so will eliminate the confusion and congestion from having too many departments on the grounds at the same time and prevent the wrecking of existing lights due to heavy machinery damage.

"3. By starting immediately, the street lighting will be out of the way when actual tearing up begins and during the time the new paving is being done we can concentrate on rebuilding the traffic lights so that when the street is opened to traffic the signal system will be ready for use, conforming to the State Highway Departments recommendations.

"4. By starting now, this project can be completed by our existing personnel along with the regular maintenance schedule; therefore, it will not be necessary to hire additional manpower for a rush period.

"The total cost of materials and equipment for which bids were received is $8,467.66. To start at once, it is necessary that $4,500.00 be available. This amount will purchase poles, brackets, concrete for foundations, and line wire with hardware. Delivery dates quoted run from one to 10 weeks.

A report on the cost and installation of "White Way" lighting on downtown State St. and S. Broadway was submitted to Council on June 1 by F. S. Barckhoff Jr., acting city engineer.

The report was referred to the finance committee for further consideration, and bids were subsequently advertised for the materials and equipment required.

Building Workers Strike In Canton

CANTON, Ohio (AP)—One thousand AFL laborers struck today in a dispute which union officials said would halt all construction in the Canton and Massillon area.

The laborers, with 600 members here and 400 in Massillon, walked out over demands for a 15-cent pay raise and immediately set up pickets.

AFL leaders said the lines would be respected by all other construction workers in the union. The union estimated the number of these at 2,000, but contractors set the figure at about 1,500.

Bricklayers, who also want a 15-cent boost, quit last week but did not post pickets. The laborers now make $2.07 an hour and the bricklayers $3.20.

So far, the construction council representing the contractors has refused to offer a pay increase.

Millville Hill Improvement Contract Is Let

Highway Department Awards $304,097 Job To Massillon Firm

The State Highway Department yesterday awarded the contract for improving the two-mile stretch of the Route 14 Millville Hill, just east of Salem, to the Elmer Vogt Construction Co. of Massillon.

The job, estimated by the highway department to cost $368,600 went to the Massillon company on its low bid of $304,097.

No indication was made when work will start, but Highway Division Engineer Dean R. Sever had mentioned previously that the project would get under way soon after a contract was let.

The winding Route 14 hill will be straightened and widened to 24 feet and a new steel bridge erected over the Middle Fork of Little Beaver Creek at the bottom of the hill.

The State Highway Department will receive bids at its Columbus office July 16 for the sale and removal of 16 homes which stand in the way of the new road right-of-way. The state previously bought the home sites to make way for the road improvement.

Purchasers of the homes must have them removed within 30 days.

The state opened a total of 53 road project bids yesterday, the largest of which was a $1,308,000 project for building a four-ramp Front St. interchange in the city of Toledo.

Lisbon To Vote On Pool; Pick Councilman

LISBON — Emmett R. Wolfe of 118 High St., a coal broker, was named to Village Council by Mayor Wilbur Warren Tuesday evening.

Wolfe, a partner in the Coleman Coal Co., was appointed to fill the unexpired term of Francis C. Clunk who resigned. Clunk was elected in November, 1953 and his term ends Jan. 1, 1956. Both he and Wolfe are Republicans.

Mayor Warren did not name a replacement for Graham Kearney who quit June 5 while Councilmen argued over a sewer rental fee.

Mayor Warren and Village Clerk Ray Hempstead were given authority to advertise for bids for a combination leaf collecting machine and street sweeper. Herbert C. Belding of the Belding Highway Equipment of Ravenna explained operation of the device.

A resolution was certified to the county Board of Elections authorizing a $37,500 general obligation bond issue to be placed on the ballot Nov. 2 to raisee money for a proposed swimming pool. If the issue, which requires a 60 per cent affirmative vote is passed, real estate taxes would be raised by about .7 mills for 10 years.

G. C. Rauch, head of the citizens committee urging its construction, said the pool would cost about $47,500.

A sum of $15,000 was left the village by the late Sadie VanFossan, high school principal, to help finance the pool. The citizens committee recommended Council add an extra $5,000 to the bond issue amount to meet "unanticipated emergencies."

The Fire Department was authorized by Council to purchase $1,078 worth of new equipment. A resolution asking for bids on a $1,000 hose-drying machine was approved. Council bought a 40-foot aluminum ladder, 20 fireman's helmets and brass hose fittings.

Ralph Rose, fire department secretary, was authorized to buy 12 new raincoats and nine pairs of rubber boots at a cost of $300.

Fire Chief Thirl Flugan said the hose drier is needed to reduce the rotting.

Hull Blasts Import Of Foreign Made Ware

ATLANTIC CITY, N. J. (AP) — "Foreign made pottery ware is gradually exterminating the American dinnerware industry," Frank Hull of East Liverpool, Ohio, said yesterday. He is president of the International Brotherhood of Operative Potters, AFL, in annual convention here. He told delegates that any further tariff reductions would be a "disaster" to the American dinnerware industry. He attacked the Randall Committee which he said favors reduced tariffs. The committee is checking the import-export situation.

Council President Calls For Committee On Reorganization

City Council President James Aldom Tuesday night requested Council to authorize a committee to conduct a study on the reorganization of Salem's city government, as a companion study of the comprehensive plan now being organized.

In a letter read by Ralph Mancuso, clerk, Aldom stated:

"There are several good reasons why such a study should be made at this time, in addition to the overall objective of better city government. Some evidence is as follows:

"1. The confusion and apparent overlapping of authority among commissions and the administrative branch.

"2. The confusion existing between the Salem Civil Service Commission and city administration regarding suspension of employes.

"Another good example is the misunderstanding between the City Civil Service Commission and the Ohio Civil Service Commission in the matter of examinations. In a letter dated May 25, 1954, to the Salem Civil Service Commission, the Ohio Civil Service Commission says:

" 'In reviewing the content of the examination, . .for the position of police captain. . .it is evident that the examination did not conform to the provisions of the Civil Service law . . . Your letter indicates that an oral examination constituted a part of the examination . . .if this was the actual procedure followed by your commission, it very clearly violates the .. . . law, etc. Signed Carl W. Smith, chairman, Ohio Civil Service Commission, Columbus.

"3. The confusion and apparent overlapping of authority between the administration and the Utilities Commission is additional evidence of the need for such a study. The Commission has requested, on several occasions that their duties and authority be clarified, particularly in the matter of sewage. In addition, the Service Director has requested that jurisdiction between the Utilities Commission and the Department of Public Service be clarified.

"4. The confusion and apparent overlapping of authority of the City Engineer and the engineering firm of which he is a member and which is provided office space in City Hall is additional evidence that such a study would be useful to Salem.

"Finally, the overall opportunity for Salem to improve its city government is still further evidence that such a study should be made as a companion study to the comprehensive plan study, now under way.

Aldom is chairman of the seven-member Legislative Research Committee established to promote efficiency in local government and to aid in advancing a zoning program and other municipal projects.

In other action last night Council gave first reading to an ordinance providing for a penalty of five cents for an overtime parking violation if the fine is paid within one hour fro mthe time the notice was placed on the car.

Council gave second reading to an ordinance transferring $224.23 from the city engineer's fund to the new equipment fund.

Alliance Grows By Annexation

Council Approves New Boundary Lines

ALLIANCE — City Council Tuesday night continued to enlarge the boundaries of Alliance by approving legislation calling for the annexation of a total of 180 additional acres to the city.

The action last night increased the Alliance area 622.78 acres during the past 18 months, or an expansion in land of 21 per cent in the same period fo time. With 34 additional acres scheduled to be added to the city in September, Alliance's growth will have expanded 24 per cent and given the city 3,513 acres of land.

The most important tract to be annexed Tuesday was the Hillcrest allottment, located just west of the present city corporation line. That territory added 133 additional homes to the city, as well as approximately 600 residents.

City officials estimate that the entire annexation program to date has added between 800 to 1,000 people to the city's population.

The annexation proceedings, contained in five separate ordinances, and passed under suspension of rules, embodies 123 acres located in Washington Township and 57½ situated in Lexington Township.

The annexation program reflected itself in another important piece of legislation, the 1955 annual budget request. The estimated budget was set at $1,358,206.80, which is $144,472.70 more than that allocated for this year or an overall increase of approximately 12 per cent.

Included in the new figure is a request by the police department of 20 per cent additional operating expense calculated to add four additional men to the force to patrol part of the new annexed area, as well as to add one new police cruiser and replace two others.

Former Teacher Here Accepts New Position

Kenneth Jacobs, former Salem High School health teacher and reserve basketbal lcoach, has accepted a position effective Aug. 1 as program coordinator for the Marion County Tuberculosis Association at Indianapolis, Ind.

Jacobs left Salem in February, 1953 to accept a post as field counselor for the Ohio TB and Health Association in Columbus.

He has his B. S. degree from Ohio State University and his Masters from the University of Michigan.

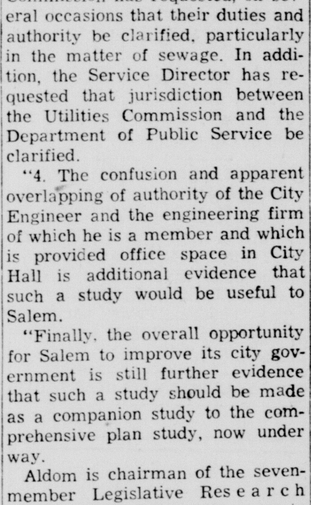

Austin Getz Dies At Age 82; Was Commissioner, Trustee

Austin I. Getz, 82, of 585 S. Union Ave., a veteran Perry Township trustee and a former Columbiana County commissioner, died at 11:30 p.m. Tuesday in the Central Clinic. He had been in failing health for some time due to a heart ailment.

Born in New Albany, Oct. 12, 1871, he was the son of Joseph and Emma Detrow Getz.

His wife, the former Sarah Hart, survives. Other survivors are a daughter, Mrs. Donald R. Smith of Salem; three grandchildren and three great-grandchildren; a sister, Mrs. Clara Fageley of Salem; and a brother, Brooke Getz of Pittsburgh. A daughter, Mrs. Mary McNeelan, died in 1938.

Mr. Getz, who lived in Salem all his life, was a retired machinist, a farmer and fruit grower. He was a township trustee for 30 years and a county commissioner for eight years. He served on the board of the Red Cross for many years and was made an honorary member of the board some time ago; he was a trustee of Grandview Cemetery; and an active member of the Democratic party. He was serving as committeeman at the time of his death.

Austin I. Getz

He was a member of the First Christian Church.

Services will be Saturday at 2 p.m. at the Arbaugh - Pearce funeral Home with Rev. H. W. Deitch officiating. Burial will be in Grandview Cemetery.

Friends may call at the funeral home Friday evening.

Boy, 15, Tries To Commandeer Cleveland Plane; Killed By Pilot

CLEVELAND (AP)—Five minutes before takeoff time, 53 passengers buckled themselves into an American Airline DC6 as it was being prepared to leave the blocks at Cleveland Hopkins Airport.

Then a 280-pound, 15-year-old boy in a leather jacket and denim trousers lumbered up the loading ramp and into the cockpit. Waving a broken, unloaded, 38-calibre revolver, he ordered Capt. William F. Bonnell to "fly to Mexico or be shot."

The pilot dug into his flight bag and whipped out his own revolver. He fired twice. The youth, Raymond A. Kuchenmeister Jr., died an hour later at a hospital with bullet wounds in his right hip and chest.

"What the hell could a guy do?" asked the pilot later yesterday, after he brought the flight to St. Louis, where it stopped over briefly en route to Fort Worth, Tex., and Mexico City.

Capt. Bonnell, a Clevelander, said:

"I had a maniac on my plane. We had women and children. . . "

At first he thought it was a joke, he said. "I asked the flight engineer and copilot if they knew who this fellow was. The fellow said, 'it's none of your damn business.'

"He had a sawed-off pistol in his hand. I tried to kid him along. He had the gun pointed at my side. While sitting there I dropped my hand down into my bag and pulled out a Colt .38 which I keep there.

"I got the gun out. Then the engineer thought of some reason to turn on the switch and asked the fellow to reach up and turn it on. The fellow did. I shot him in the hip. He still had the gun.

"He sagged a bit. I let him have it again, a little higher."

Most of the passengers aboard the flight, which originated in New York, did not realize what had happened until the boy was re-

Dislikes Norway, Boy Returns To States As Ship Stowaway

NEW YORK (AP)—For 14-year-old Peter Devlin Smith there is no place like home, even if this home is in hot, muggy New York.

His parents, however, thought it would be a good idea if the boy spent the summer in Norway, where he goes to school.

This idea Pete didn't like at all. And the tall, blond boy had made it quite clear.

"If you don't send me passage money to come home, I'll stow away," he warned in a letter. But his mother and stepfather, Nora and Kendall Smith, apparently had underestimated this grim determination. Pete didn't get the money.

Yesterday, when they returned from a Fourth of July weekend trip, the telephone rang and the stepfather picked up the receiver.

"Hello, Papa," he heard. "Papa, here I am."

It took some time for Papa to figure out what was going on. Finally an immigration official got on the phone and explained. Yes, Pete was here waiting to be picked up.

Later, at his Manhattan home, Pete explained everything.

He and 13-year-old Jon Eric Johannsen decided to come over. So they walked aboard the Norwegian American Line flagship Oslofjord on the crew gangplank, and that was it.

"I traveled on that ship before, you know," Pete said.

He had with him $10 and a bag containing pants, shirt, shoes, socks and underwear.

The two spent nine days aboard the ship, mixing with the paying passengers, playing deck games and sleeping in shower rooms.

As for food—it was simple, explained Pete.

The first day out when the ship docked in Copenhagen they got landing cards like any other passenger and had sandwiches ashore.

"The rest of the time, we ate cookies mostly," said Pete. "We'd ask the cook for some and he thought we were passengers."

The pair was discovered in the luggage room, only five hours before the ship docked last Friday.

Jon, Pete's companion, was detained aboard to be returned to Norway.

Pete's parents, however, could not be located as they were out of town, and the immigration service offered him a shelter at Ellis Island. He stayed there for five days—compliments of the U.S. government of course.

Pete's parents know now that when he makes a promise he keeps it.

Asks Congress Recall If UN Admits Reds

WASHINGTON (AP)— Sen. Knowland (R-Calif) said today he hopes President Eisenhower will promise to recall Congress to deal with the situation if the United Nations should admit Communist China this fall.

Knowland, heading a delegation of Republican leaders to a weekly conference with the President, hinted in an interview that such a pledge might forestall moves in Congress to provide in advance for automatic American withdrawal from the U.N. if the Peiping regime is admitted.

Congress is planning to wind up its present business July 31. The Red China issue could come before the UN in September or later in the year, perhaps during the campaign for control of Congress at the November elections. The new Congress is scheduled to convene in January.

Knowland has said he would resign his party leadership post to campaign for American withdrawal if the U.N. accepts the Communists. But opposition appeared to be developing among some other lawmakers against committing Congress in advance to becoming—as some members phrased it—a prospective "executioner" for the world organization.

Opposes Letting Red China Into World Structure

Won't Commit Self On Country's Action If Reds Are Admitted

WASHINGTON (AP) — President Eisenhower said today he is completely and unalterably opposed to letting Red China into the United Nations under present conditions. But he said he is not ready to say this country should withdraw from the U.N. if the Reds are admitted.

Eisenhower thus took issue by implication with Republican Senate leader Knowland of California and some other lawmakers who are urging United States withdrawal from the U.N. if the Peiping government is admitted over American protests.

Hits A-Plant Strike

At a news conference, the President also said a strike at the Oak Ridge, Tenn., and Paducah, Ky., atomic plants would be a serious thing and would put the United States in a most embarrassing and difficult position.

He said, however, he has great hope the strikers will go back to work as a result of his action last night setting up an emergency fact finding board

CIO workers at the two plants struck a few hours before the President's news conference, ignoring the possibility of a Taft-Hartley Law injunction.

On another subject Eisenhower said prospects now are rosy that Congress will enact a legislative record, based on his proposals, of which any administration could be proud.

Will Praise Congress

The President said he will be proud to go before the country and praise what Congress has done at this session if the record proves to be as good as he expects.

Eisenhower described himself as delighted with the House's adoption of the flexible price support principle in the farm bill. He said that although the bill wasn't exactly what he recommended, he regards its passage as a great and sweeping victory.

The bill provides a flexible scale of price supports for basic crops ranging from 82½ to 90 per cent of parity, replacing the rigid 90 per cent supports of the present law. Eisenhower originally had asked for a flexible system ranging from 75 to 90 per cent of parity, a price calculated by the government as fair to the farmer in relation to the prices of goods he buys.

In response to a question, Eisenhower voiced complete confidence in the integrity, loyalty and efficiency of Allen Dulles, head of the Central Intelligence Agency, and said the agency is under constant examination by the executive branch to see it does it work with honesty and decency.

Sen. McCarthy (R-Wis) has said the CIA is dangerously infiltrated with Communists and has been under preliminary investigation by the McCarthy Investigations Subcommittee.

McCarthy last night said he has offered to turn over his information to a subcommittee of the Hoover Commision, now studying reorganization of the executive department of government. Dulles has denied any Communist infiltration of the agency.

Eisenhower made his comment about the CIA and Dulles when a reporter said one Capitol Hill view is that CIA may have been infiltrated by Communists and asked for the President's ideas on that.

McCarthy's name was not mentioned at the news conference today.

Eisenhower said he also has great confidence in Gen. Mark W. Clark, head of the Hoover Commission task force which will study the CIA.

Eisenhower began his meeting with newsmen by thanking the newspaper, radio and television industries for cooperating in his campaign to reduce highway fatalities over the July 4th holiday.

He said he thought the news media had something to do with the 20 per cent reduction in traffic deaths and he was grateful for the intensive publicity campaign that was waged.

Historical Tour Set For Sunday

Board Rejects Bids On Water Plant Job

COLUMBIANA — Miss Nellie M. Koch has been named program chairman for the tour of points of historical interest in and around Columbiana by the Historical Society of Columbiana and Fairfield Township Sunday.

Members of the society and all others interested will leave Grace Church corner at 2 p.m. Transportation will be available for persons desiring it.

Speakers have been assigned to give facts of interest about spots to be visited. Herbert C. Nolan will speak at the site of the spring used by Joshua Dixon, one of the earliest settlers, who laid out the town in 1805.

At the roadside park on Route 7, southeast of town, where a plaque on a boulder indicates the nearby site of the first court held in Columbiana County in the barn of Matthias Lower, there will be a talk by William E. Stewart, historian.

Mrs. George Seederly will speak at the site of the Hanna homestead, which was the home of the forebears of Marcus A. Hanna, who was a U. S. senator from Ohio before and after the turn of the century.

The tour will end at Firestone Farms, where Manager Charles L. Harper will make arrangements for accommodation of the tourists, who will be shown through the homestead by R. E. Happholdt of the Firestone organization in Akron.

-:-

COLUMBIANA board of Public Affairs has decided to have new plans drafted for the addition to the water softener plant and re-advertise for bids for the project.

The board had decided some time ago to recommend acceptance of the bid of $138,000 for the work, submitted by Earl H. Newell & Sons, Columbiana contractors.

Although it was not the low bid, the board decided through a misunderstanding with its engineers, Burgess & Niple of Columbus, to accept it on the basis of its provision for completion of the work in 210 days, about Jan. 1.

An award on the basis of a time limit was found to be irregular, and at the request of the board council has rejected the 14 bids submitted.

Two concerns that submitted bids under the figures of the Newell firm lodged protests contending that the Newell bid was not the best bid within the meaning of the law.

The Freeman Jones Co. of Cleveland had submitted a bid just $10 under the Newell bid, and the R. K. Reznor Associates and Warren M. White Co. of Pittsburgh had bid $134,390.

McCarthy-CIA Issue Evidently Postponed, Writer Declares

WASHINGTON, (AP) — Sen. McCarthy, with time for meditation on his 18-day vacation, seems to have decided to back away from the Central Intelligence Agency, the American superspy agency.

He knows, if he didn't, he'd have to knock heads with President Eisenhower, a contest in which he might not win and for which he may not feel himself ready yet.

Besides, coming on the eve of the congressional elections in November, a fight between McCarthy and the White House could hardly do the Republicans any good.

If the Wisconsin senator had tried to hold public hearings on the CIA, which he has charged was infiltrated with Communists, the President is almost certain to have refused to let any CIA employes testify.

A public exploration into CIA would be more than the Russians had any right to hope for. CIA's operations are so secret the money it gets is concealed, even from all but a handful of the members of Congress who have to vote for it.

McCarthy, never a man to use up all his energy on one fight at a time, said during the hearings on his dispute with Army officials that Communists had crawled into the CIA. It wasn't the first time he mentioned something like that.

In fact, he said his staff had been investigating CIA since last October. CIA Director Allen Dulles called McCarthy's charges false and said he had asked McCarthy last October for any information he had on CIA but never got an answer.

On July 4, Independence Day, former President Hoover announced he had named retired Gen. Mark Clark to head a "task force" to study CIA's structure and administration.

Hoover heads a commission which Eisenhower appointed months ago to study government operations in general. Its primary job is to suggest ways to improve efficiency and cut costs. Because of the way the commission does its work — with few public hearings—Clark's job would be carried out quietly.

It is possible the administration thought it could head off McCarthy by having Hoover's commission examine CIA, if not for Communists at least for efficiency. Clark, asked about this, said he saw "no connection."

Shortly after McCarthy returned to the capital yesterday he talked on TV and to reporters about the CIA. It was a very careful piece of talking.

He said he would turn over to the Hoover Commission the information on which he based his charge of Communist infiltration of CIA. This might seem to indicate he was going to let the Hoover Commission handle the CIA by itself.

But — McCarthy didn't say so flatly. This gives him room for maneuver in case he wants to maneuver.

The CIA is so secret it's impossible to guess all it's up to. But it's probably trying to cause all the trouble it can for the Communists overseas. The public may never know whether it had a hand in the riots of the East Germans against the Communist masters last summer or in the recent revolt of Guatemalans against their Red-tinged government.

It may be a safe bet that CIA agents around the world were mixed up in the past year's desertions to the West of Russian agents.

The CIA is the American government's cloak-and-dagger operation, set up by Congress in 1947 when it had become clear at last this country's real relationship with Russia would be at best a cold war lasting perhaps for generations.

The idea that there might be some Communist infiltration of CIA is not new. As long ago as the fall of 1952 retired Gen. Walter Bedell Smith, now under secretary of state but then CIA director, said he felt "morally certain' Communists had "infiltrated practically every security agency of the government," including CIA.

He said he didn't know of any in the CIA, had tried to find any who might have got in, but just thought that since they were "clever" you'd have to assume some got in.

Salem Grange To Vote On Delegates July 16

Vacations and hay-making accounted for the small attendance at the July 2 meeting of Salem Grange. Blaine Hart presided and Janet Zimmerman prepared the lecture program.

It was decided that the vote on delegates to the state grange meeting will be taken July 16.

At the meeting June 18 the Silver Thimble 4-H Club, with the advisors, Mrs. Willis McArtor, Mrs. Donald Huston and Mrs. Burtt Cobourn, presented a program.

Martha Mary Milliken showed how to make milk blossom drink and Louetta Doyle demonstrated making rice pudding. Mr. and Mrs. Duane Votaw will succeed Mr. and Mrs. William A. Zimmerman on the grange committee for the Columbiana County fair.

The forthcoming festival will be planned by Mrs. Helen Hart and her committee.

Two applications for membership were received at both the June 18 and July 2 meetings.

Believe Thorne Was Poisoned

Probe Continues In Death Of Young Heir

CHICAGO, (AP) — The possibility that Montgomery Ward Thorne was posioned confronted a coroner's jury today as it resumed its investigation of the death of the 20-year-old heir to a multimillion-dollar mail order fortune.

Dr. Harry Leon, coroner's pathologist, testifying at yesterday's inquest, said he thinks Thorne may have been poisoned.

"This is sitll a suspicious death,' he said.

Leon read a report to Coroner Walter T. McCarron by Dr. W. J. R. Camp, state toxicologist, showing an "insignificant trace quantity of barbituate, a trace quantity of alkaloid giving color reactoins indicating morphine" were found in the youth's brain.

A combination of enough alcohols such as were found in Thorne's body and more dope could have caused his death, Dr. Leon declared. The alcohol, he said, may have evaporated or been dissipated in the body before the autopsy was performed.

A conflicting picture of Thorne was painted yesterday at the inquest centering on these questions:

1. What was the relationship of the dead youth and his mother, Mrs. Marion Thorne?

2. Was Thorne a "drunk" and a "dope addict?'

3. Why was he living in a $75-a month apartment on Chicago's North Side out of touch with his family when he was found dead June 19?

4. Why did he change his will leaving half his estate to his fiancee Maureen Ragen and one-quarter to her mother Aleen nine days before his death?

5. Was Thorne being blackmailed?

His mother entered the jammed courtroom with stoic determination. Her chalk-white face contrasted with her black crepe dress and the diamond-crusted cross at her throat.

Bordering on collapse as the barrage of questions wore on, she made these points:

1. She claimed she "barely knew" her son's 18-year-old fiancee who displaced her as chief heir in his last will.

2. She openly doubted that the pair meant to marry, saying, "He certainly had a lot of girls for an engaged boy."

3. She charged that Thorne was being blackmailed when he died and didn't come home for that reason. No details of the blackmail were given.

4. She said Thorne had come home "drunk" once and she had heard rumors he was taking dope but strongly denied she ever had him arrested, accusing him of alcoholism or narcotics addiction.

At one point in the questioning, Mrs. Thorne said: "I was praying for God to send him home. He did, but He sent him to his real home. For two years I traveled the road to Calvary, and now I am at the foot of the cross, and it is up to you people to take over.

"Thank God, I know where he is onw," she said, nervously fingering a rosary.

In sharp contrast with her testimony, Sgt. Michael Murphy had told the court that Thorne told him and Deetctive Walter Binder:

"I don't like to say it, but I am living away from home because I don't like my mother."

Murphy also quoted Thorne as saying that his mother in 1952 caled a school which one of Thorne's girl friends attended and told officials Thorne had syphilis and not to permit any of the girls to go out wit hhim.

Thorne had been picked up at his mother's request, Murphy testified, after a parking ticket issued to Thorne was found in a doctor's car. A medical kit containing narcotics had been stolen from the car.

No Bill Of Attainder

It can be agreed with no dissent that Alger Hiss should not have the same government pension rights as persons whose loyalty to the United States always has been above reproach.

But since the question of Hiss's pension rights has been raised by certain members of Congress, it might be a good idea for all members of Congress to look at Article I, Section 9, Paragraph 3 of the U.S. Constitution before they rush in where constitutional lawyers fear to tread.

"No bill of attainder or ex post facto law shall be passed," declares the Constitution, describing what Congress may not do.

A bill of attainder is a legislative act that inflicts the consequences of attainder without a pudicial trial. Attainder is the process of destroying the civil rights and capacities of a citizen. Attainder used to be automatic after convictions for treason and felony. But in the United States it cannot be done under any circumstances.

Whatever Congress does to keep Hiss from drawing a pension 13 years from now when he is 65 will have to be done without a bill of attainder.

Above Reproach

Whatever moralizing may be done about the conviction of Joseph Nunan Jr., once the nation's No. 1 tax collector, on a charge of income tax evasion should be broad enough to cover his whole offense.

Besides Nunan's personal tax complications, which reflected what he had learned about possible loopholes while he was commissioner of internal revenue, were his activities in behalf of some of his clients after he had left the government.

Sen. Williams of Delaware, who was busily taking the wraps off tax scandals in 1952, charged in the U. S. Senate that not a dime had been collected of nearly two million dollars owed to the U.S. Treasury by four of Nunan's tax clients. He and former associates of the Treasury Department had formed a firm that specialized in this work.

The law prohibited former Treasury employes from acting for two years after leaving the government on cases against the government. But it did not prohibit such persons from representing clients being sued by the government. Nor did it prohibit the Treasury Department from issuing special waivers to former employes who wanted to get into tax work.

The tax scandals of 1952 had much to do with the outcome of the election in November of that year. No government can afford to have doubts raised about the integrity of its tax collectors. The Nunan case was one of a series which raised doubts about collectors who had come into power during the Roosevelt and Truman administrations. But the taxes that Nunan, himself, did not pay were peanuts compared with the taxes which were never paid by people who paid him well for his expert advice as a former commissioner of internal revenue.

French Premier Brings Own Noose

While no one but a Frenchman even pretends to understand French politics — and most Frenchmen have given up in despair — the pledge of the new premier, Pierre Mendes-France, to resign if he has not stopped the Indochina war by July 20 is a puzzler.

It is as though he had taken responsibility for organizing a government with a noose around his political neck.

His political opponents, the Indochinese, or even the Red Chinese have only to spring the trap, and he will be left dangling in his own promise.

The only positive way to set a terminal date one month away for a war which has been dragging on for the last eight years would be to abandon the war.

That may be what Premier Mendes-France is thinking about; Frenchmen are as tired of a war they cannot win at a price they are willing to pay in Indochina as Americans finally became of a stalemate in Korea.

A glimmer of understanding can be cast on French politics in this instance by recalling that Americans paid close attention in 1952 to Dwight D. Eisenhower's pledge that he would go to Korea personally if elected to the presidency. The pledge was interpreted to mean he would make the trip with a view to stopping the Korean war.

Premier Mendes-France, however, has given himself only a month to accomplish what was not accomplished in Korea until July 26, 1953 —nearly nine months after election day. It is even less time than has been spent on the same project at Geneva, with no visible results to date.

How can people look pleasant when posing for pictures that cost $25 a dozen?

It's a lot better to go on the rocks and plunge than to plunge and go on the rocks.

Dangerous Step

By DAVID LAWRENCE

Admission Of Red China To UN Could Start War

The big mystery in world affairs today is not that the British government wants to see Red China admitted into the United Nations, but why the issue was raised at this time.

There is nothing new in the British or American positions. Everybody has known for some time that London favors the move an dthat Washington opposes it.

Why has the matter been given such widespread publicity at the moment, giving rise as it has to formal statements by the Republican leader and Democratic leader of the senate reiterating the American opposition? It is no answer—as Rep. McCormack, Democratic party leader in the Hou e of Representatives, expresses it—that Congress is taking the "initiative' away from the executive branch of the government. To say this is to ignore the true situation, which is that the Department of State was gratified to have the Senate leaders proclaim their views publicly.

The State Department couldn't, in the very nature of things, say anything except in the privacy of diplomatic channels, and this wouldn't get very far toward swaying public opinion either here or abroad.

-:-

ACTUALLY THERE wasn't much time given in the Churchill-Eisenhower conference to the discussion of the problem of admitting Red China to the United Nations. It was mentioned only briefly and didn't have the importance of even being made a topic on the agenda.

What, then, was back of it all? The mo t plausible explanation may be derived from these two points:

1. The British position historically is to play the role of "broker" between the two nations in conflict with each other.

Probably there isn't the flimsiest idea in London that the wishes of the United States with respect to keeping Red China out of the U.N. would be rejected by two-third- of the members of the United Nations Assembly.

By sticking to the Red China side, the British and perhaps the new French Cabinet become the friends of the Peiping regime. This could mean a whole lot in East-West trade negotiations and other diplomatic moves and could even cause the Moscow government to make concessions to the British and French.

The result, therefore, might bring benefits to the British and French without a n y substantial harm being done to the objective sought by the United States. For Red China would be kept out of the U.N, anyhow.

2. It is conceivable that London and Paris are totally unaware of the depth of feeling in the United States about Red China's agression. To talk about the United States withdrawing from the U.N. did admit Red China, its prestige would sink so low in the United States that the absence or presence of the United States delegates in the U.N. would be meaningless.

Once an organization tears up its own pledged word and makes of a treaty a "scrap of paper," there is not much use worrying about how many meetings the American delegates would attend thereafter.

-:-

THE TRUTH IS, 40,000 American boys are dead today because they were asked by their government to "repel aggression" in Korea. They gave their lives to what they were told was a great cause—the united action of the United Nations. That organization, moreover, passed in February 1951 a solemn resolution declaring Red China the "aggres or.' Nothing has happened since to punish the aggressor.

Because military forces were not permitted to accomplish that purpose, moral force alone remained the best means of ostracising from world councils the government that had prepetrated the crime. Now moral force is collapsing, too.

Nobody here has any quarrel with the people in China but only with the war criminals in Peiping. To accept these evil men as brothers is to tell the people of all of Asia that the West is capitualting.

It would mean that South Korea might then be strangled by Communist infiltration from Red China unless she decides to fight for her life.

-:-

A RESUMPTION of fighting would bring new complications for the United States. Japan would be frightened, and the chance to build an army there for Far Eastern defense would be impaired.

Admission of Red China indeed might set off a series of happenings that could bring on a general war. It is a dangerous step. That's why the Congress of the United States is speaking out frankly and bluntly now, and the State Department is not in the least disturbed by such plain talk.

Likewise, there is another meaning conveyed.

If ideals are to be trampled on for the sake of expediency and appeasement, it may be hard to convince the American people that its soldiers should go to Europe to fight a third time.

The support of the American people shoul dbe more important to the British and French governments than appeasing the Red China regime. Maybe it will be after the debate is over.

Improvement for Salem

To The News: Every morning I am constrained to thank God for the privilege of living in such a delightful city as Salem.

Someone has called it "The garden spot of the world" though I think that a bit colored by the consciousness of having been born here, yet it is understandable because we are so enlightened, progressive, possessed of such great public spirit in addition to our physical environs.

May I give an illustration? Almost every city in the country aroused by the problem of juvenile delinquency has taken measures to do something about it. For instance Sunday night there was a round table discussion by five prominent men connected with national agencies having to do with youth. It was broadcast from the nation's capital and the speakers seemed to be very much concerned.

But in Salem, we have no such problem. "All our 'chilluns' got wings." We trust our children. They are all perfect. Every other town in the county believed that a curfew law would help their situation, but Salem is so free from any possibility of 'perverse" or 'prankish youth" that our City Council discounts its need and "shelves" the proposed ordinance.

Then there is the swimming pool. Every child from the fifth grade up worked like a horse to raise money so they could enjoy the pleasure of dabbling in the water, so we built the pool. Then, instead of making any provisions for those unable to pay, we charge so much for the privilege of enjoying it that only the "top brass" can afford it. What parent can afford 50 to 75 cents a day for two or three children?

There is no doubt about it Salem is blessed in having so many people with large incomes. We certainly take care of the "privileged" child but my little friend, with no money, who worked so hard, shared so nobly in the effort to secure this community blessing, now discovers how the world somehow runs things so as to "close the door in his face."

Couldn't we improve our "garden spot" to permit the betterflowering of the truly good species of "homo sapiens," of which we have a few very good specimens?

Rev. Harry A. Barrett

Editor's Note: Income at the city pool is essential to its operation and maintenance. However, the Rev. Barrett brings out a point worhy of consideraion. Local welfare agencies might see to it that underprivileged children are given an opportunity to use the pool. Children under age 12 are charged 20 cents for pool admission; 25 cents on Sundays and holidays. Youths 12 to 18 pay 25 cents on week days. The admission charge for adults is 50 cents and 75 cents on holidays or Sunday.

So They Say

—Sen. Thomas Hennings (D., Mo.). $ The age when outside forces could at will decide the fate of Asia is gone forever. We are confident . . . the peace-loving nations and peoples of Asia will frustrate the schemes of the war instigators. —Red China Premier Chou-Enlai.

The Table Is Set

Responsibility

By GEORGE E. SOKOLSKY

Dr. J. Robert Oppenheimer is one of the most imaginative and highly cultivated minds in this country. The conclusions of the Atomic Energy Commission leave one with a sense of tragedy, for, no matter what Oppenheimer's gifts may be, his conduct has been without morality.

Sokolsky

Even Commissioner Henry DeWolf Smyth who dissented from the opinions of his fellow - commissioners and who defended Oppenheimer had to admit that Oppenheimer lied childishly and was sorry for it. So is Klaus Fuchs sorry for what he did, but that does not help the United States.

Essentially this is a moral question and is a materialistic era, moral questions are often subordinated to the progmatic.

-:-

DR. SMYTH clearly indicates this view when he says:

"Since Dr. Oppenheimer is one of the most knowledgeable and lucid physicists we have, his services could be of reat value to the country in the future. . ."

Skill is not good enough when what is involved is national security. A forger is an extremely skillful person but no jury would take that into consideration as a mitigation if for a crime.

Dr. Oppenheimer is not accused of any crime on the statute books, but his discretion, in a field where indiscretion can be destructive of national existence, is denied and at least one commissioner, Thomas E. Murray, denies his loyalty.

It is the Murray opinion that interests me most because it deals with the fundamental moral relationship between the citizen and the state.

This we often overlook in the general asumption that anything goes in politics, that a man is entitled to a job if he has the qualifications, and that the government may use any pretext to do what it chooses.

-:-

MURRAY'S OPINION pursues a philo ophy of life, influenced, I find, by the moral concept of Thomas Aquinas. Murray defines loyalty as faithfulness and says:

"This faithfulness is a matter of obligation; it is a duty owned. The root of the obligation and duty is the lawfulness of the government, rationally recognized and freely accepted by the citizens.

"The American citizen recognizes that his government, for all its imperfections, is a government under law, of law, by law; therefore he is loyal to it. . .'

He then goes on to say that the advent of the Communist conspiracy has forced upon the American government the necesity of establishing and emphasizing a security system which in some respects offends the American concepts of private opinion and private action.

So, Murray distinguishes between the citizens who accepts responsibilities within the government and those who do not. He says:

"The American citizen in private life, the man who is not engaged in governmental service, is n o t bound by the requirements of the security system. However, t h o s e American citizens who have the privilege of participating in the operations of government, e pecially in sensitive agencies, are necessarily subject to this special system of law.

"Consequently, their faithfulness to lawful government of the United State-, that is to say their loyalty, must be judged by the standard of their obedience to security regulations. . .'

-:-

I WONDER if such a distinction can really be made in a free society. Suppose I were to encounter at a dinner party a blabbing fool employed by the AEC or the CIA who insists on showing off by telling in a mixed and uncertain company all that he knows, including national secrets, let us say, upon which depend victory or defeat in time of war.

According to the rules of gentle manly conduct, one should not repeat outside what one hears at his host's table.

But am I a free person in that respect? Am I free to be gentlemanly if I even suspect that in this silly, blow - hard, name-dropping conversation lies peril to my family, my country, my civilization? If I see a fire in somebody's else's home, must I not turn in an alarm? Shall I play safe and mind my own business and hope for the best?

These are questions for moral responsibility w h i c h some can dodge with ease because they believe that the Eleventh Commandment is the greatest of all, mainly, to mind one's own business, or as the Chine e put it, "Never look into your neighbor's pot."

The Oppenheimer Case, so far, does not involve espionage; it does involve security and responsibility and these are questions of essential morality.

Cause And Effect

By TRUMAN TWILL

It says in Popular Science Monthly that the experts have quit trying to figure out the "car pox' which had many of us in a tizzy last spring—that their best guess is mess hysteria.

Meanwhile it keeps saying here and there that the flying saucer madness keeps recurring and that wise-ofs are certain this, too, is some form of popular aberration that keeps claiming new victims all the time.

You can give odds on it without flinching that whatever c o m e s along in the years ahead which the iron-heads have no explanation for will be blamed on mass hysteria. It has taken the place of evils, witches, hexers and assorted gods and goddesses as the favorite cover-up for ignorance.

If the boys who are supposed to know don't have any answer and do not want to be disturbed by embarrassing questions, they announce firmly with glint in their eyes that they do not want to be bored by any further nonsense because John Q. Public has popped his cork, collectively speaking, and is seeing things again.

The trouble with John Q. is that he never be sure in his own mind that he isn't seeing things he is that impressionable. It's like the old story of the king who walked down the street in his skin and no one dared to comment on h i s nakedness except one kid who hadn't been let in on the gag that the king, himself, was the one having the hallucinations. He thought he was clothed in golden garment.

Mass hysteria is a wonderful thing. It is an inverted tribute to demos—the masses. Those w h o credit it for such bafflements as flying saucers and mutilaed windshields in automobiles are saying in effect that people are capable of seeing things which do not exist.

People can even see merit in high places where no merit could be found by tireless analysis.

They can see value in Florida real estate. Then they can see no value in Florida real estate. Then they can see value again.

They can be induced to rush in and out of states of mind about the state of the world, to make and unmake heroes and heroines, to go into a condition of mass hyste ia because a Lindbergh flies the Atlantic and to go into the same condition with reverse English when he has the courage to live his own life and not turn into a phoney.

Mass hysteria has its uses as well as its abuses. And because it distributes the blame over everybody and doe not singie out anybody for special attention, it is safer than accusations of witchcraft, although not nearly so handy as devils.

Nothing ever has beaten devils for explaining everything from milk to epidemics—from bad windshields to bad consciences. If we had stuck to devils instead of chasing off after gods named Demos and Hysteria, there never would have been all that scare about "car pox."

After the first few dozen reports, rites would have been performed to appease the glass devil. T h e devil of the upper atmosphere would have been in charge of flying saucers. There woud be red devils—the traditional color—to take care of Communists. These could be scourged systematicaly and everybody could sleep nights again without wondering if everything would be safe until morning.

Lacking devils, we have nothing to rely on but mass hysteria, which is too ticklish for comfort. Mass hysteria may make glass get funny, but in a Democracy it can't be criticized recklessly.

Father And Son Dialogue

"Popper, I thought the big aim behind the ecent Washington TV quiz show was to oust ommies."

"Yes, my son. Every senator climbed into he mike every few minutes to declare himelf dedicated to this high purpose."

"Then how come all the talk just now is bout ousting the staff members who have been ousting commies?"

"Run out and play ball. I hear the Jones' boy calling you."

-:-

"Wasn't it strange to see Sen. Potter coming out with a verdict that there should be dismissals before the committee had even started to weigh the evidence, Popper?" s

"These are strange days, my boy and having an umpire call a decision while the ball was still on the way from the pitcher's box to the plate was something new to me."

"Has Symington come out to deport McCarthy, trade Roy Cohn to the Terre Haute club and have Frank Carr sent to Baffin's Bay yet?"

"No, but if he follows the Potter routine he may do so any minute."

"Why was Sen. Potter in such a hurry to hand down an opinion, Dad?"

"Maybe he thought he was still on TV and that he was limited to those ten-minute periods."

"Popper, it seems to me that everybody on the commttee wants to put somebody else on the committee in a bad light. Nobody on it mentions Dr. Peress any more. I haven't heard them refer to Fort Monmouth in two weeks. Why are they now jumping on Ray Jenkins, their own counsel?"

"This is the season for the jumping events, my son. There are senators on that committee who will jump on anybody except commies, it sometimes seems, my son. But it is all very complicated. You had better run out and play."

-:-

"But what did Jenkins do to get jumped on Popper?"

He made the mistake of being one hundred per cent honest and very candid on Meet the Press in answering a hypothetical question instead of making the standard counter crack, 'That's like asking me when I stopped beating my wife.' Anybody who does that in Washington is in for trouble."

-:-

"What is all this about Struve Hensel wanting a return bout or something, Popper?"

"All I know is what I saw on TV, my son. And in all my life I never saw a counsel in such a hurry to get a client off the hook as Mr. Hensel's lawyer was on May 26th. He was so emphatic and so vociferous in Mr. Hensel's right to have everything dropped that he seemed full of atomic energy. It was one of the high-speed moments of the TV show."

Strike Is On At Country's Atomic Plants

OAK RIDGE, Tenn. (AP) — CIO workers who help produce the nation's entire supply of fissionable uranium-235 for atomic weapons struck today at plants here and in Paducah, Ky.

Ignoring the possibility of a Taft-Hartley law injunction, the CIO chemical workers union posted pickets at 5 a.m., three hours before the appointed hour of the strike. Some 4,500 production and maintenance workers are affected.

Carbide & Carbon Chemicals Co., which operates the plants for the Atomic Energy Commission, ordered in supervisory personnel to keep the plants in production.

Police said construction and other workers passed through the picket lines without incident.

The chemical process for production is so complex officials have said it might take a year to get the plants in operation again once stopped.

President Eisenhower issued an order yesterday for a fact-finding board to investigate the wage dispute. But union officials said they would ignore the President's action.

The strike was ordered in support of the union's demand for a 15-cent hourly pay raise. The demand was scaled down from 21 cents after union members rejected a 6-cent raise recommended by a presidiential panel.

Another 4,500 workers represented by the rival AFL Atomic Trades and Labor Council also rejected the presidential panel's 6-cent recommendation after parallel negotiations for a 19-cent raise.

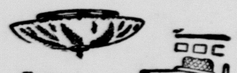

Members of both unions authorized a strike call, but Jess Haman, president of the council, said the AFL workers would stay on the job. The scales for all plants range from $1.58 to $2.40.

Police Chief Arrested On Traffic Charge

COLUMBUS Ohio (AP) — As soon as Police Chief George W. Scholer reported back to work yesterday, after sick leave, he was arrested. The charge was failure to yield right of way during a two-car collision here June 14.

The chief had been recovering at his home from five fractured ribs received in the accident. He was released on $25 bond and ordered to appear next Tuesday in Municipal Court.

Policeman Gerald H. Malone, 29, the driver of the other car, received a fractured skull. The car crashed as both men were returning home from their day's police duties.

OFFICIAL STILL MISSING

CINCINNATI (AP) — The missing waterworks superintendent of nearby Cleves, indicted on a $4,320 embezzlement charge, has not been found. Fort Knox, Ky., Army authorities said yesterday John W. Donnelly, 46, was a soldier there. But a recheck showed the GI was Donnelly's 18-year-old son. Mrs. Donnelly said she couldn't see how the Army could confuse her husband with her son. The elder Donnelly disappeared from the suburb in June 1953.

Kerr-Turner Forced Into Runoff Election

OKLAHOMA CITY (AP) — Sen. Robert S. Kerr (D-Okla) today was forced into a runoff election against former Gov. Roy J. Turner in Oklahoma's bitter primary election for the U. S. senate despite a lead that held solid throughout counting of nearly all the ballots.

State Sen. Raymond Gary, Madill, and William O. Coe, Oklahoma City attorney, landed in the July 27 runoffs for the Democratic governor's race, leaving the other candidates far behind. Gary held a small lead throughout tabulations in yesterday's primary.

Mrs. Willie E. Murray, wife of Gov. Johnston Murray, trailed far out of the picture in seventh place among the field of 16 candidates. Murray is barred from a second consecutive term by the state constitution.

Kerr's lead mounted to about 20,000 votes but the combined tallies of Turner and seven other candidates kept him below 50 per cent of the total.

Returns from 2,420 of the state's 3,155 precincts gave Kerr 176,463 votes and Turner 156,994.

Voting was held in five counties under martial law and plainclothes officers were assigned in five other counties by Murray to watch for election law violations. No trouble was reported anywhere.

Murray flew into the five martial law counties during election day for a first-hand observation of voting conditions. Charges of selling absentee ballots filed against six persons in Sequoyah County led to the order calling out the state militia.

All of Oklahoma's six congressmen won nominations without runoff elections. The four with primary opposition were Carl Albert, 3rd district; Tom Steed, 4th; John Jarman, 5th; and Victor Wickersham, 6th, all Democrats. They swamped all opponents.

Suspension

the week during which he was suspended.

The charge of insubordination arose, Papic said in a statement to the commission, when he went to the office of City Hall Clerk Robert Rheutan June 15, to request his pay check for the preceding half month.

Papic said it was his "off duty" day in the department and that he needed the money then because he had to take his son to a doctor in Youngstown that morning.

The fireman said he was assured by the clerk that it was "all right" for him to get his check then, and that Rheutan gave him also the checks for the otehr members of the department.

When he walked in the fire station, the fireman said, he was told by Chief Clarence Wright that he had no authority to get the checks. Wright then said he wanted to see him in his office at 10 that morning, Papic said.

Papic informed the chief, he said, that he wouldn't be there because it was his off duty day and because he had an appointment in Youngstown. The chief thereupon reiterated his demand that Papic be in his office at 10.

Papic did not appear, and the charge of insubordination arose from that incident, Papic said.

Papic declared that although he had been paid for the period of "suspension," he felt that his being labeled as "insubordinate" cast a reflection on him and that the accusation belied the facts.

School

High, 23 new chairs for the typewriting room at the high school and bubbler type drinking fountains to be installed in three rooms at Prospect School.

The lockers are to accommodate the 40 to 50 expected increase in enrollment at the school in the fall, Kerr explained, and the stools will be used in the old library room on the first floor which is being converted into a class room.

Additional tables to accomodate the larger junior high enrollment are being constructed, the superintendent said.

The board put their okay on wash bowls and hot water to be installed in the basement toilets of the old building at McKinley School and one light to be installed over each stairway leading to the basement.

Similar action was taken on a request that changes in cloak room facilities for the first grade room in the basement at Fourth St. School be made. The school wants additional space where the children may hang their hats and coats and place their overshoes, Kerr told the board.

Plane

moved from the cockpit. The plane left about an hour late.

Standing near the ramp while his brother was shot was 12-year-old Donald, who told police the two boys had left their home, a rundown old farmhouse in suburban Parma, to "get jobs as cowboys."

Donald "got scared" as they neared the edge of the field, so "I told him to go ahead and I would hitchhike out later."

The boys' mother, Mrs. Ruth Kuchenmeister, 42, was alone with her five other children when the news came.

"I never took him seriously," she said. She described the boy as an average student but "frustrated and bitter' because "he was too big to pass for a child and too young to get a man's job."

"He liked to go to Western movies and read about the West in magazines. Lately he kept talking about going to Montana and being a cowboy," she said through tears.

"I told him it wouldn't be like he saw in the movies, but he said: 'Out there they treat you like a man.'"

The gun Raymond carried had been given his father, a truck-driver, by a friend some seven years ago, she said.

"I haven't seen it around the house for at least two years and I thought it had been thrown away."

The mother looked around the old farmhouse and said:

"Ever since he was 12 he worried about our living conditions. He wanted to work. He wanted to bring in money for me. He talked about buying a house to make it nice for us. He was my favorite child."

Then she asked:

"Why did they have to shoot a kid?"

Diehl Lake Has Contests For Youths, Adults

A fireworks display at Diehl Lake Monday followed a variety of activites which interested both youngsters and adults through the day.

The trap shoot prize went to Henry Yeagley.

Four separate contests in the ball throwing event determined Patsy Curry, Elaine Moffett, Mrs. Edwin Rohrer and Jack (Skippy) Grace as the winners in their classifications.

David Carson won the spool toos, and the water balloon race prize went to Pat Connelly and Ralph Hunt. Winners of the three-legged race were Phil Rominger, Skip Grace, Elaine Moffett and Pat Curry.

Winners in the swimming contest for youngsters age 6-10 were Barbara Lou Foster, Dick Owen, Tommy Owen and Jo Anne Davis. Dickie Hunt won the race for under school age children, with Tommy Grace winning out among swimmers age 10-12.

Prize in the men's peanut race went to Lee Cobourn. Balloon swim prize was won by Tommy Owen and Skipper Taylor; peanut scramble, Skipper Taylor and Jo Anne Davis; long and short swim, Skip Grace; bubble gum race, Elaine Moffett.

Elaine Moffett also won the casting contest for the women, and Phil Rominger for the men.

Prizes in the canoe obstacle races went to Gerry Grace and Skippy Grace. Two-man canoe races were won by Everett Bush and Freddy Middleton, and Jerry Cailor and Fred Middleton.

Simpson Family Reunion Held At Cook Forest

Mr. and Mrs. Neal Strabley, Mrs. Alice Weaver, Mrs. Nettie Shriver, Mr. and Mrs. William Bailey, Mr. and Mrs. Charles Cosma and family and Mr. Cosma's mother, attended the J. A. Simpson family reunion Monday in Cook Forest, Pa.

Fifty were in attendance from Erie, Emlenton, Butler, Petrolia and Reynoldsville, Pa., and Salem.

Mrs. Strabley and her sisters, Mrs. Harry Wallace of Minerva and Mrs. Hazel Motter or Clarington, Pa., are the three surviving members of the family of nine daughters and two sons. Part of their father's farm is now included in Cook Forest.

The 1955 reunion will be held Sunday, July 3, in Cook Forest.

Newlyweds Honored At Shower Party

Philip Wilson and his bride, the former Sarah Hinkle, who were married Sunday by Rev. R. J. Hunter, Baptist minister, were honor guests at a party Monday arranged for them by Mr. Wilson's brother and wife, Mr. and Mrs. Sol Wilson of RD 3, Salem.

Thirty-seven friends and relatives of the newlyweds showered them with gifts for their home. Chicago, Warren, Homeworth, Alliance, Greenford, Patmos, and Salem people were among those present.

Thomas Stanley Elected President Of Reunion

Thomas Stanley of Deerfield was elected president of the Stanley reunion Sunday at Centennial Park.

Theeda Simoene of Niles will serve as secretary, and Violet Weingart of Deerfield will be treasurer when the reunion is held next year the first Sunday in August.

Relatives from North Benton, Deerfield, Niles and Sebring were in attendance.

Church Group To Meet

The Gloria Jean Reed group of the Women's Society of Christian Service of the Methodist Church will meet at noon Thursday in Centennial Park for a casserole dinner.

For transportation, members may call 3544.

ON YOUNGSTOWN TV

Marilyn Welch, nine year old daughter of Mr. and Mrs. Robert Wolfgang of Columbiana, will appear in a skit, "Aunt Mabel at the Grocery," at 12 noon Thursday on Elaine Carroll's TV show over WKBN Youngstown.

Mr. and Mrs. Andrew Radler of Park Ave. visited last week with their son, John, and his family in Bucyrus.

The sweater, as a light summer wrap, has gained fashion prominence equal to that of the stole.

Each year, there are the preductions that the stole, as good fashion, is finished. And each summer, women get them out again (or buy new ones) and find them indispensable. But for variety's sake, the sweater is a nice change.

This year, sweaters are cut like brief jackets, or short toppers or waist-length cardigans. They come in light, bulky wools or soft downh wools and in every conceivable color. There are loosely-cut sweaters meant to be worn over slim dresses. The sweaters that are snug at the waist were designed especially for wider skirts.

White waffle knit wool (left) is use for this flared jacket by Rosanna. Felt bows in gay colors and bead-centered bubbles are scattere over the surface.

White wool carigan (right) is cloud-light has twinkling rhinestone stars and pastel-colored glass chips of pink and blue with clear crystal as trim. This star motif is repeated in triangular detail on the cuffs.

Personal Notes

New For Fall: That Bloused Look

HERE'S HOW YOU KNOW IT'S NEW—Center, the new semi-fitted suit for fall, which represents the easy, relaxed look slated for 1954-55 popularity. Small sketches show other details of the new look as previewed in New York.

By DOROTHY ROE
Associated Press Women's Editor

Here are the things to look for when you go shopping for that new fall suit or dress. These are the outfits that you will find in your favorite specialty shop or department store, come fall. These are the top styles already ordered by your local buyers, and now in process of manufacture in New York's teeming garment center.

1. The bloused top dress. This is the headline silhouette for fall, following the corseted midriff look of last season. It's an easy, relaxed silhouette, which gives you room to breathe, doesn't reveal every bulge of figure, is easy to wear. You'll find it in all fabrics, usually teamed with a slim skirt.

2. The "blouson" suit or costume. This has a bloused jacket which ends at the waistline with a belt, is worn with matching slim dress or skirt, comes in handsome tweeds and flannels, dark worsted and new blends of Dacron, worsted and silk.

3. The sailor collar. This is a new and important note for fall, found on dresses, suits and coats, sometimes even in fur.

4. The sack jacket. This is a loose, boxy, short jacket which may be semi-fitted in front, loose in back.
hemline, loose and comfortable,

5. The barrel coat. This is rounded above, slightly tapered at the hemline, loose and comfortable, smartest when worn slightly shorter than the skirt or dress beneath.

6. The middy. This is the loose, schoolgirl garment that has been coming back to favor periodically for two generations. A pullover with no waistline, worn with a slim skirt, shown in high-color flannels and jerseys, often with a sailor collar.

7. The low, open neckline for dresses. A flattering, feminine decolletage achieved in many ways, sometimes with low, flat or standaway collars.

8. The fur collared or fur lined suit. An old favorite newly popular for this fall. Often reversible.

9. The costume. This consists of wool dress and matching jacket or full-length coat, and is the most important single fashion of the season. Dress usually is low-necked, short-sleeved, sufficienty dressy for after-5 wear, permitting the wearer to go from office or shopping trip to cocktails. and dinner, suitably dressed when she removes her jacket.

10. Combinations of satin and tweed. A top fall fashion. Sometimes done with satin linings and weskits combined with tweed suits. Sometimes done by adding satin hat and blouse to a tweed suit.

11. The doll dress. This is the little-girl fashion so popular this summer, carried on for fall in dainty, lacy, white or pastel dance dresses.

12. Wide collars on coats, suits and blouses.

4-H Club News

Perry 4-H'ers

Saturday's meeting of the Perry 4-H'ers was called to order by the president, Denise Duke, at her home on Franklin Road.

In answer to roll call, members told how much work was accomplished on their projects.

The secretary's report was given by Patty Duke, and Eugene Sommers read the treasurer's report.

The meeting was closed with the 4-H pledge, and a hamburg fry was enjoyed. Afterward, the group went swimming in a pond nearby.

Tuesday, July 13, the group will meet at the home of Mr. and Mrs. George Hawkins of the Franklin Road. Mr. and Mrs. Chester A. Cope are club advisors.

Junior Stitch and Chatter

Junior Stitch and Chatter 4-H Club members met recently in the home of their leader, Mrs. George Hawkins on Franklin Rd., with Diana Greenawalt as hostess. All members were present.

Group singing, outdoor games and work on projects entertained the members. Ethel Duke demonstrated how to pin and baste darts in a garment. SUBSTITUTE NO GOOD

BOSTON (AP) — An apartment house owner protested in court yesterday that building a fire escape would "just make it that much easier for crooks" and suggested a tree outside the building as a substitute.

Municipal Court Judge Jennie Loitman Barron did not accept the substitute and found the defendant, Nishan S. Bagdigian, guilty of failing to provide a suitable fire exit. The judge ordered him to provide one within a week.

Glynn's Hitting, Wynn's Near No-Hitter Pace Tribe Win

First Baseman Smacks Another Homer, Two Singles As Indians Trounce Baltimore Orioles 11-3

CLEVELAND (AP)—Cleveland first baseman Bill Glynn credits a lot of extra batting practice and a helpful tip on balance from his manager for the new home-run power that makes him "feel like a hitter now."

The 28-year-old Franklin, N. J. lead-off man started an 11-run Tribe rally in the first inning of last night's 11-3 victory over Baltimore by hammering a Joe Coleman pitch more than 400 feet to clear the right-centerfield fence. He also hit two singles in his four times up, driving home two more runs.

Monday in Detroit Glynn whacked three home runs in three tries off three different pitchers—Ralph Branca, Ted Gray and Dick Weik. The first round-tripper was Glynn's initial grand-slam swat, and it carried into the upper right field deck.

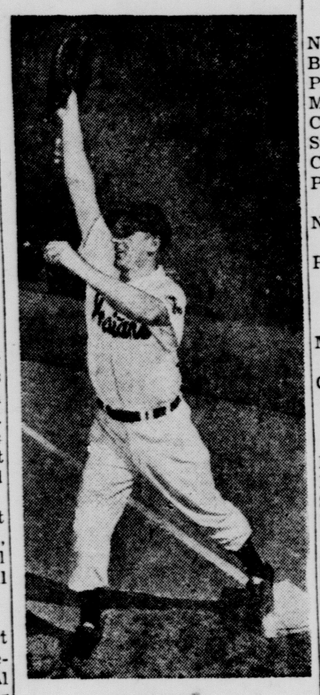

"Hitting one upstairs like that gave me a big lift,' said Glynn, whose team mates currently call him "Babe" instead of the usual "McPug."

"I feel like a hitter now.

'A tip Al Lopez gave me just before I hit that first one in Detroit probably is the answer. Al said he noticed I'd been lunging at the ball—shifting my weight (195 pounds) too soon. He showed me what I'd been doing. Next time up I followed his advice and hit that first homer.'

Lopez didn't want any credit, saying:

"Sure, I saw something and told him about it, but he's the guy doing the hitting. I hope he keeps it up.'

Bill Glynn

"Amen," was Glynn's rejoinder.

During the current home stand, Glynn said, he has "taken a lot of extra batting practice," adding: "Red Kress was out there throwing to us almost every day."

Easily the fanciest fielder the Tribe has had at first base in years, Glynn was benched most of the time from April 25 until last Friday because he's regarded as a light hitter.

He played eight games with the Philadelphia Phils in 1949 and joined the Indians midway in the 1952 season. In 199 major league games prior to this season, Glynn's batting average was only .247 and he had hit only five home runs.

Actually, Glynn was hitting .419 when Lopez shifted Al Rosen from third to first in April to give rookie Rudy Regalado a try at third. Even after Rosen returned across the diamond, Vic Wertz started two games at first before Glynn got his chance.

His average, which had fallen to .267 during his period of infrequent play, has jumped to .312, and with his newfound long-ball hitting, he may end a long search Cleveland has made for a first baseman.

The 11-run outburst in last night's first inning, with Glynn batting in three runs on a homer and single, marked a new high for one-inning scoring in the league this year. The New York Giants scored 11 against Pittsburgh in the National League last May 25, and the Indians themselves hold the all-time American League record set in 1950 against Philadelphia.

Sixteen batters came up in the big round, and there were five runs home—three on a triple by Wally Westlake—before Coleman was removed and Mike Glyzka took over the Orioles' pitching. Three more runs scored before Bob Avila flied for the first out.

Early Wynn, winning his 10th against six losses, gave no hits until the eighth. Then, with one out and Clint Courtney on base on a walk, Jim Brideweser tripled. The blow did not stand alone as a spoiler, for in the next inning Bob Kennedy, Gil Coan, Courtney and Bobby Young rapped consecutive singles to bring home two more Baltimore runs.

Salem Junior Legion Drops Palestine 9-7

The Salem Junior Legion team stayed alive in the county eliminations, dropping East Palestine 9-7 at East Palestine Tuesday.

In a double-elimination tournament, both Salem and East Palestine had split even in two previous games. Now the locals take on East Liverpool at East Liverpool tonight in fourth round play.

Salem scored first with three runs in the second inning and added two more in the fifth. The losers rallied for two counters in the fourth and three in the fifth to leave the score knotted at the end of five frames.

After a scoreless sixth, Salem sent four runs home in the top of the seventh to win, although a minor Palestine rally in the bottom of that stanza netted a pair of markers.

Lowell Hoffmaster, Keith Lofland and Dave Hanna paced the 8-hit attack with two each. Jim Fife hurled the first five innings for the locals, striking out six and walking three men. Fred Ziegler mopped up, getting credit for the win.

Jim Mankins was the losing pitcher.

Youngstown Defeats Washingtonville 6-0

The second inning, in which the Youngstown Youngs scored five runs on only one hit, led to the Washingtonville Boosters' 6-0 defeat Tuesday at Washingtonville in Austintown Colt League play.

Losing pitcher Jim Campbell gave up three hits and struck out 11 men, but sloppy fielding caused his defeat.

Bill Davis, the winning hurler, allowed four hits and struck out 12.

Red Bell had two hits for Washingtonville.

Groza At Drive-In

Lou Groza

Lou Groza, famous place-kicking star and offensive tackle with the Cleveland Browns, will appear at the Salem Drive-In Theater Thursday and Friday nights as part of the theater's all-sports show.

The two features playing those nights are "The Joe Louis Story" and 'Crazy Legs," which depicts the life of Elroy "Crazy Legs" Hirsh of the Los Angeles Rams. Groza appears in the movie "Crazy Legs."

Between pictures, Groza will kick several field goals, (patrons may keep the footballs) sign autographs and give out pictures.

Groza was a fraternity brother at Ohio State of Jack Vogel, one of the co-owners of the theater.

OUT OF DOORS with Field & Stream

By R. L. LIDE

The fish removal program at Guilford Lake came to an end last week. 203,575 fish were removed weighing 23,706 pounds or approximately 62 pounds of fish per acre of water.

Of this number 96,608 gizzard shad weighing 12,076 pounds led the list with small bluegills and crappies second. Ony 134 carp and 450 suckers were removed weighing 1,250 pounds.

Some baiting and drag seining methods were employed to get at the carp but without much success. This one season operation may not improve fishing noticeably this year but should have its effect over a period of years and better conditions.

THE BULLETIN OF The Sports Fishing Institute published in Washington, D.C., gives some interesting information regarding the days of the hatchery "craze" when the public was sold on fish stocking. It goes on to say that much of the stocking was ineffective and actually harmful. The job of selling the stocking idea was an effective one.

Now the job of "unselling" has not been an easy one, like the farmer who decided to fish his pond who changed his mind when he observed an immense crop of bluegill fry — "millions of 'em." He decided to wait until they grew up before starting the fishing. The man had a well managed farm. He had only a limited number of cows in his pasture. He understood about carrying capacity and overgrazing on the land. But to him the farm pond was full of growing fish and quite different.

Though there are still exceptions, more and more sportsmen recognize the fact that stocking has limitations. In general, the public still looks on stocking as a cure-all only in those states where the top fishery people have been disinterested in public enlightenment, for obvious reasons. Virginia is the only state as far as we know that still carries on this expensive practice.

AT 2:30 A.M. SATURDAY, I received a call from the State Highway Patrol that a deer was killed on Route 9 at the Gotschall farm about 6 miles south of Salem. That was the biggest buck deer I have hauled up to date.

It took three of us to load it in my station wagon in order to deliver it to the County Home. The antlers were still in the velvet and about 3 in. in diameter with four big knobs that would be rubbed down in time, which denoted an 8 pointer but might go larger when finished growing.

THE HIGHWAY KILL goes on 365 days out of the year. Two baby raccoon lie dead on Route 62 west of Salem. A hen pheasant was killed along with two chicks near New Alexandria. Quail, o'possum, rabbits, skunks and groundhogs meet the same fate. No doubt some of this could have been avoided if only the motorist had given the wildlife a "brake."

Everyone wants good roads throughout the county but as far as wildlife is concerned it is a good thing we have so many mud and gravel roads that are not traveled at high speed. The kill would be much higher annually.

-:-

OBSERVATIONS: blackbirds chasing a crow until he got enough of it and lit down in a field to fight back. Bye bye blackbirds. . . More young rabbits this year in evidence than there were last year . . .A lot of Pennsylvania raccoon being brought into Ohio as pets on account of the raccoon not being protected by Pennsylvania laws which permits open season the year 'round.

ONE OF THE county's oldest active fishermen is probably John Green of RD 2, Lisbon, who, at the age of 91, still takes time to catch a few. He wrote me recently for some information on fishing.

Bobby Theiss Fans 19 For Record Try

Salem's Bobby Theiss set what is believed to be an alltime record in Youngstown Double-A competition last night when he struck out 19 batters pitching for the Home Club nine.

Home Club, now leading the league with a 7-1 record, defeated Modern Manor 2-1.

Theiss' blazing performance, easily the best in the strikeout department this year, overshadowed the job turned in by "Jabby" Ellison, the losing Modern Manor pitcher who struck out 14 and allowed four hits. Ellison is a former professional hurler with Reading, Pa., in the Cleveland Indians' farm system.

Officials say that records are incomplete but it is thought that Theiss' record is an all-time high. He gave up seven hits.

A former Salem High School four-sport athlete, the current Western Reserve University star now has won three games and dropped one for Home Club.

Joey Giardello To Battle Billy Kilgore

PHILADELPHIA (AP)—Joey Giardello risks his almost-certain middleweight title shot in a 10-round scrap at the arena here tonight with "upsetter" Billy Kilgore of Miami, Fla.

CBS will televise the fight starting at 9 p.m., EST.

Giardello, third - ranking 160-pound contender, tentatively has been promised a full crack at champion Carl (Bobo) Olson if the latter successfully defends his crown in his coming bout with Rocky Castellani. The Olson-Giardello bout would be Oct. 22.

But Giardello has to lick Kilgore and do it impressively. This Kilgore bout is another in the series of "forget Langlois" fights for the Philadelphia middleweight. Pierre Langlois recently took some of the shine off Joey with a good lacing in New York.

Since the Frenchman wouldn't go for a return bout, Giardello has been attempting to regain lost prestige against other available opposition. He decisioned Honest Bobby Jones several weeks ago. He'll be a heavy favorite against Kilgore.

Giardello has won 50 fights and lost 11 with 5 draws.

A boxer with a not too punishing jab through most of his career, Giardello recently developed a new style that has earned him a reputation as a hard puncher.

Bobo Olson To Meet Pedro Gonzales Toinght

OAKLAND, Calif. (AP) — Carl (Bobo) Olson, kingpin of the middleweights, stakes prestige but not his crown tonight in a scheduled 10-round fight with willing Pedro Gonzales at the Oakland Auditorium.

This will be Olson's tuneup bout before he defends his title in a 15-rounder with Rocky Castellani at the San Francisco Cow Palace Aug. 20.

While Olson is a lopsided favorite he isn't taking his Rankin, Pa., opponent lightly.

"You can't afford to let up on any of them," is the champ's observation.

In 22 battles, Gonzales has lost four, one on a TKO, but he has never been counted out.

The nontitle go will not be televised.

$25,000 Ohio Derby To Run At Thistledown

At least a dozen top three year olds are expected to go to the post in the $25,000 Ohio Derby at Thistledown Saturday with nomination and starting fees raising the total value of Ohio's oldest horserace to $30,000.

Eight, and probably a few more, hopefuls are enroute to the Cleveland course from the Chicago, New York and New Jersey racetracks.

Probable post time favorite should be the Hasty House Farm's "Sea o Erin," victor in three stakes already this season.

Harris Gets Decision Over Gene Parker

DETROIT (AP)—Duke Harris, 149, Detroit, scored repeatedly with crisp combinations to the head in pounding out an unanimous decision over Gene Parker, 146½, Indianapolis, in the eight round boxing feature at Motor City Arena last night.

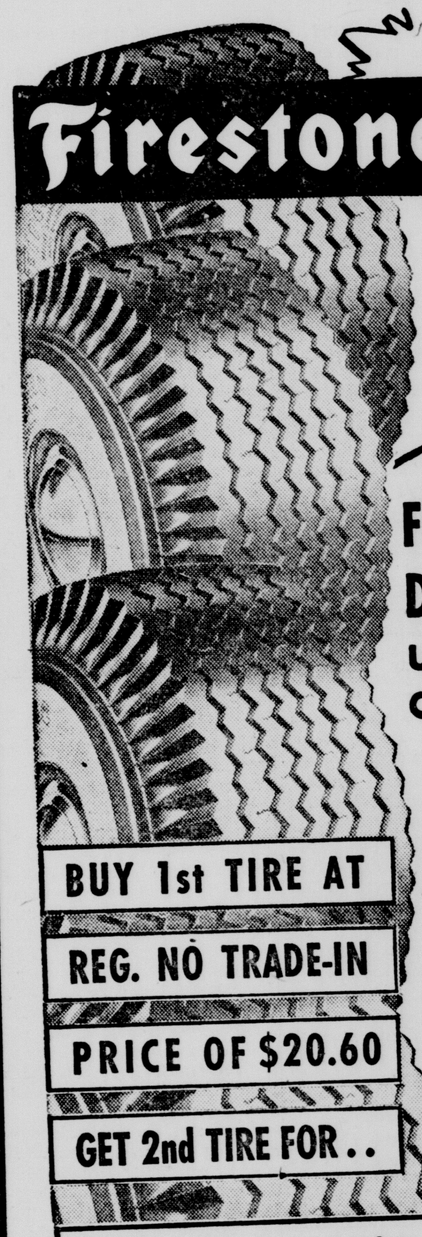

Guido Picone, 151½, Canton, Ohio, outpointed Bob Hoffman, 144½, East Lansing, Mich., 4, in a preliminary.

Managers Vote To Split City Softball Into 7 AA, 5 A Teams

Butler, Mullins, Demings Win

Triple Play Recorded; 2 Games Extra-Inning

Organization of the city softball leagues for the remainder of the season was announced this morning by loop manager Ward Zeller.

At a special meeting last night, the team managers voted to divide the 12-team group into a seven squad Double-A circuit and a five outfit "A" division.

It was previously planned to make an even split of two six-team leagues, but Bliss' early-season slump caused the change. Their current 6 - 5 record ranks them as the number seven team, which would qualify them for single A under the earlier setup.

However the managers felt that Bliss, still a potent threat in view of first-class pitching, would make a runaway of the "A' league and that the double-A division would be strengthened by the addition of the Cardinals. .

-:-

THEREFORE THE "AA" loop will now be composed of Salem Tool, Butler Grange, Demings, Paul and Joe, Lisbon, Mullins and Bliss. The "A" circuit will show Leetonia, Goshen Grange, Parkers, Electric Furnace and the Old Timers.

There will be two more complete rounds in the Double-A and three in the "A" league leaving each team 12 games to play.

All win-loss records compiled so far this season will stand, and, at the end of the season, the four top teams, percentage wise, will then participate in playoffs in each league.

Play will start in the second round tomorrow night with two games. One tilt Thursday will mark the completion of the first round.

In games last night, Demings nipped Paul and Joe 7-5 in 10 innings, Butler Grange rolled over Goshen 13-0 and Mullins nipped Old Timers 6-5 in an extra-inning thriller.

Mullins 6, Old Timers 5

Toots Hrvatin's clutch home run in the last half of the eighth inning brought Mullins from behind and gave them the win.

Both teams had a pair of two-run rallies in regulation time.

For Mullins, a hit batsman and an infield hit, both with the bases runs, and John Drakulich banged a single in the fifth with the bases loaded for two more.

For the Old Timers, Bill Ingledues triple in the third paced a two-run rally and, in the top of the sixth, the Oldsters tied the score and sent the game into extra innings on Pinky Kings round-tripper with one on.

In the top of the eighth, Dick Tolson drove in Beany Allison with a long triple, Mullins hurler Johnny McQuiston singled sharply to right and Hrvatin bashed one over the right field fence to account for the triumph.

Hrvatin had three hits, including a triple and his game-winning homer, to pace the winners while Ingledue recorded two triples and a single for the Old Timers. King had two hits for the losers.

Demings 7, Paul and Joe 5

It took the heavily-favored Demings crew 10 innings and a triple play to do it, but they finally eked out a thriller over the game Paul and Joe nine.

Paul and Joe scored two runs in the first and made them stand until the fifth when Demings rallied for one run. Hits by Willie Noguera, John Rottenborn and Wheel Harrigan scored the two Paul and Joe runs while two walks, a double steal and Ken Schoeni's sacrifice fly brought in Demings tally.

Going into the seventh leading 2-1, Paul and Joe allowed Demings four runs in the top of the inning but came back with three themselves in the bottom half to send the game into overtime.

Hits by Don Long and Schoeni, Wayne Hahns bunt, Ed Ducos fly, Al Zocolos walk and Dick Boughtons big triple resulted in the four Pumper markers.

In the bottom half, Harrigan smashed a home run with one on, Dave Roller followed with a triple and Bill Ehrhart sent the game into extra innings with a single to score Roller.

In the last of the ninth, Paul and Joe had two men on, but Rottenborn smashed into a weird triple play.

It was a hot grounder down the third base line. The third baseman fielded it, stepped on third, threw to second to force the runner there and then the ball was heaved to first. Rottenborn, a fast man, beat the play but thought the ball was foul and stepped off the bag. He was quickly tagged to complete a triple play.

Demings won the game in the top of the tenth as doubles by Long and Duco sandwiched around Wayne Hahn's single scored two runs.

Dave Ehrhart struck out the side in the bottom of the tenth.

Long had three hits including two doubles to pace the winners while Boughton and Duco had two safeties. Harrigan lashed out four hits for Paul and Joe, including a homer and two doubles.

Paul and Joe outhit Demings 14-13.

Butler 13, Goshen 0

Glenn Mercer was the difference in this tilt, allowing just two hits and striking out 10 men. The winners scored five runs in the first inning and added six in the third to coast home.

Ed Bozich and Jerry Mountz led the winners with two hits each.

In Class B action Sidingers beat DeMolay on a forfeit.

The schedule for the rest of the week shows two games tonight in Girls play with Beloit and Georgetown playing at 6:30 and Homeworth and Amvets clashing at 7:45; tomorrow, Old Timers and Leetonia are pitted in the first game, Lisbon and Demings in the second, and Mullins and Electric Furnace in the nightcap; and finally, Friday night, games will be played between Electric Furnace and Parkers at 6:30, Amvets and Georgetown at 7:45 and Red Caps and Beloit at 9 p.m.

Caddie Championship Set For Columbus

COLUMBUS, Ohio (AP)—The 10th annual national caddie championship will be held in Columbus, Aug. 17-21, the National Caddie Assn., Inc., announced yesterday.

Officials haven't yet selected the course for the tournament which bring boys from throughout the country together to compete for college scholarships. Entries will be sponsored by newspapers and various section groups of the Professional Golfers' Assn. of America.

Injury Jinx, Wobbly Pitching, Poor Hitting Plague Dodgers

By ED CORIGAN
AP Sports Writer

One series, any major league manager will tell you, does not make a season, so why get so excited about the current set between the New York Giants and the Brooklyn Dodgers?

But going into tonight's second game of the three-game series, the Giants were 4½ games in front of the Brooks and if they go on to sweep the series Walter Alston and his team will be up against a mighty tough problem in their quest for a third straight pennant.

Consider the Brooks' plight:

1. The pitching has been wobbly and, worse, only Bob Milliken among the relievers has been effective.

2. Their pinch hitters have been futile. In last night's 5-2 setback by the Giants, they loaded the bases with none out in the ninth only to have George Shuba and Rube Walker, two pinch hitters, go down ignominiously.

2. They can't seem to shake the injury jinx. Pee We Reese, Duke Snider, Roy Campanella and Jackie Robinson among the first-liners have been having miseries.

The Giants, on the other hand, are sitting pretty. They have confidence. They've had fantastic good fortune with pinch hitters. When they're behind, they don't worry. With relief pitchers like Hoyt Wilhelm and Marv Grissom, who took over for Sal Maglie against the Brooks last night in the ninth with none out and three men on base and got away unscathed, they have two firemen they can trust.

Al Dark, Willie Mays and Monte Irvin hit home runs last night, accounting for four of the Giants' runs. Starter Preacher Roe was the victim of two and Bob Milliken, one. Maglie weathered a two-run first inning, then settled down until he ran into trouble again in the ninth and required the services of Grissom to pull it out.

Two other National League games produced shutouts. Gerry Staley blanked the Cincinnati Redlegs for the St. Louis Cardinals 6-0, and Curt Simmons of the Philadelphia Phillies whitewashed the Pittsburgh Pirates 3-0. In the other National League encounter, the Milwaukee Braves bombed the Chicago Cubs 14-3.

The Cleveland Indians held their 3½-game lead over the New York Yankees in the American League. The Tribe plastered the Baltimore Orioles 11-3 and the Yanks turned back the Boston Red Sox 4-1.

Virgil Trucks, the veteran right-hander of the Chicago White Sox, pitched his second one-hitter of the season as his injury-riddled mates whipped the Detroit Tigers 4-0. Johnny Schmitz of the Washington Senators also was stingy with the base hits, allowing the Philadelphia A's only half a dozen as the Nats hung a 5-2 defeat on Eddie Joost's men.

Staley was tapped for nine hits by the Redlegs, but kept them well-scattered. The Cards made only seven, but they were aided by three Cincinnati errors.

Simmons, who has had indifferent success during the first half of the season, was hit hard, but had good support to win No. 8 against six losses.

The in-and-out Braves scored 11 runs in the first three innings in handing the Cubs their fourth straight licking. Gene Conley had no trouble coasting to his seventh straight victory.

The Indians scored all 11 of their runs against the Orioles in the first inning to make Early Wynn's task easy.

Frank Sullivan, the 6-foot-7 Red Sox rookie right-hander, hurled creditably until the eighth when two runs were the result of homers by Joe Collins and Andy Carey. Whitey Ford got the triumph.

Trucks' one-hitter was his 11th victory, but his club is six games off the pace and with its rash of injuries — 19 members of the team have been forced from the lineup this season — is beginning to show the wear and tear of the grind.

Only Harvey Kuenn's single in the third inning kept Trucks from recording the third no-hitter of his career.

Eddie Yost and Mickey Vernon each got three hits in Washington's assault on the assorted offerings of Bob Trice and Al Sima.

CHARLES TO BE HONORED

CINCINNATI (AP)—Ezzard Charles, former heavyweight champion who lost to Rocky Marcianio in a recent bid to gain back his title, will be honored at a dinner tonight. Main speaker will be Jesse Owens, former Ohio State and Olympic track star. Acting Mayor Dorothy Dolbey proclaimed today "Ezzard Charles Day."

Jim Greengrass, Cincinatti Redlegs' outfielder, played third base and pitched in the minor leagues.

British Open Golf Tourney Starts Today

By JOHN FARROW

SOUTHPORT, England (AP) — The shooting that counts starts in the British Open Golf Championship today as 97 qualifiers, six of them Americans, go out in 72-hole championship play over the 6,837-yard par-73 Birkdale course.

They made the grade with qualifying totals of 151 and better as 320 golfers participated in the two preliminary rounds.

Australia's Norman Van Nida set the pace yesterday in the tourney that saw three of the nine-man American delegation eliminated. Von Nida shot a 70-67—137 for the low score in the qualifying round.

The Americans stayed close to the little Australian. Veteran Gene Sarazen of Germantown, N.Y., and amateur Frank Stranahan of Toledo were tied for second place in the 36-hold qualifying round.

The 52-year-old Sarazen, winner of the International Senior Pro Championship last week, shot a 67-64—141. Stranahan also had a 67-64—141.

Jim Turnesa of Briarcliff, N.Y., and Tony Penna of Cincinnati finished with 151 qualifying scores. The other American qualifiers were Jimmy Demaret of Kiamesha Lake, N.Y., with 148 and Al Watrous of Detroit with 150.

They play 18-hole rounds today and tomorrow, with the 50 best golfers going into the 36-hole final Friday. First-prize money is 750 pounds ($2,100).

"Now is the time to start shooting good strokes," said Demaret. "I look at it all in a philosophical way. I would rather have indifferent qualifying rounds and save my good shots for the real thing."

Sarazen is the sentimental choice and goes out full of confidence. "I am hitting my shots pretty good and I am very pleased with the way I started. I finished second in the qualifying stages and that makes competition worthwhile for me,' he said.

THESE EYES HAVE IT

WHEN A PERSON walks into an optical company for a pair of glasses, he is not only protecting his vision, but also is getting the benefit of years of skilled experience. First, the optician takes precise measurements, then helps select an attractive frame. More progressive opticians, like the Haberacker Optical company in Cleveland, give an ophthalmic facial analysis. This consists of special frames to balance the customer's facial features. Properly designed frames can help detract attention from some facial defects.

Pharmacists Wanted

By HAL BOYLE

NEW YORK (AP) — "Wanted: Bright, responsible young men for indoor jobs in pleasant surroundings. Starting salaries $100-$135 weekly. Promotion possibilities unlimited."

A newspaper ad like that would sound like the answer to a college graduate's prayer.

But jobs with these advantages are practically going begging today in the nation's four-billion-dollar-a-year drug industry. It is faced with a growing shortage of trained pharmacists.

"Enrollment in the country's 75 pharmacy colleges has dropped 25 per cent," said Carl Willingham, secretary-treasurer of the National Assn. of Chain Drugstores. "They graduated 5,000 pharmacists five years ago, only 4,000 last year."

This falling enrollment has led the American Assn. of Colleges of Pharmacy to issue 150,000 booklets to high school career advisers citing the opportunities in the corner drugstore.

The United States has some 105,000 registered pharmacists—1 out of 10 is a woman—of whom about 90,000 are employed in the nation's 55,000 drug stores. The rest work in hospitals, government bureaus, research projects or for manufacturing firms.

But a steadily increasing population and growing interest in health have spurred a need for more, not fewer pharmacists. And the demand is for better trained men. It is estimated that more than half the drugs used most often in prescriptions today were unknown before the second world war.

A generation ago druggists worked an average of 60 hours a week. That has been cut to 48 hours in most areas, to 40 in a number of large cities.

"In most states a young man can become a registered pharmacist after four years of college study and a year of internship in a drug store," said Willingham. "and he doesn't have to pound the pavment looking for work.

"The jobs are there waiting. And there are plenty of openings at the top. There is a big need for drugstore managers. A man can work himself up to the $50,000 a year class, or higher, just as he can in any other field.

"Owners of pharmacies make more money on the average than either dentists or lawyers."

He cited the case of George B. Burrus, a soda fountain clerk who studied pharmacy in his spare time, now is president of he Peoples Drugstore Chain, which has 151 stores and does an annual 51 million dollar volume.

Another ex-pharmacist who rose to the top in management, Harry J. Loynd, heads Parke, Davis & Co., which manufactured $109,000,000 worth of pharmaceuticals in 1853.

While industry leaders have the welcome mat out for girl students in pharmacy, they don't expect the ladies to solve the current shortage.

"They work an average of four years—then get married," said Willingham.

Keping the soda foundtains manned is about as much of a problem as keeping the prescription counter staffed. One big reason: The operators resent the old tags "soda jerk" and "soda squirt."

One manufacturer tried to glamorize the job by creating a new title—"fountaineers." But the campaign flopped quickly.

"Another suggestion is to call them "frizz kids," remarked Willingham, and asked hopefully, "Do you think it will catch on?"

As a retired soda jerk myself, I think they need a name with more military romance behind it—maybe something like "marshmallow grenadiers" or "scoop colonels."

Daily newspapers of the world had a circulation of 217 million in 1952 says a recent United Nations report which excludes most Iron Curtain areas.

U. S. Troops In Germany Want Buffalo Mascot

PHOENIX, Ariz. (AP) — A U. S. army battalion in Germany wants a buffalo for mascot. It probably won't get one, though.

In a letter to Gov. Howard Pyle, soldiers with the 510th Havy Tank Battalion asked for one of Arizona's-na's remaining bison to go with the outfit's buffalo crest.

"It would really help morale,' one soldier said.

Pyle passed the request on to the Arizona Game and Fish Department, where a spokesman said shipping a Buffalo to Germany would be "too expensive."

Farm Is Incorporated

EAST LIVERPOOL — Hillcrest Hereford Farms Inc. at Chester W. Va., has been chartered by the purchasers of the late Charles A. Smith's cattle farm last April 17.

The incorporators are Kenneth A. Rugh of Ligonier, Pa.; Edgar W. Rugh of New Florence, Pa.; and Dr. J. K. Rugh of East Liverpool. The charger describes the holdings as a $250,000 farming and cattle-raising business.

Farmers Will Hear Talk On Irrigation

LISBON — Irrigating vegetables will be the subject of a talk by Virgil Overholt, argicultural engineer from Ohio State University, at a meeting of Columbiana and Mahoning County vegetable producers Tuesday at 7 p.m.

The truck farmers will meet at the John Cullar farm at the intersection of Basinger and Lynn Roads a mile and a half north of East Lewiston.

Cullar's irrigation system will be shown in action.

"Irrigation of vegetable and fruit crops usually pays well," according to Floyd Lower, Columbiana County agricultural extension agent, 'and Mr. Overholt will demonstrate the most practic a l methods."

Beats Competition With Stolen Goods

MALDEN, Mass. (AP)—A haberdashed is charged with suspicion of larceny because the young saleswoman of a rival store noticed his cut-rate prices.

Miss Joan Lack, 16, spotted a sign in the store advertising polo shirts at three for a dollar.

She told her boss, Martin Bronstein, 42, that "someone's beating your prices."

Bronstein's wife investigated and found that the polo shirts resembled those stolen from the Bronstein warehouse.

The proprietor of the cut-rate store was arrested on suspicion.

Police quoted him as saying he bought the goods from several men identified as former Bronstein employes.

HEALTH GROUP TO MEET

LISBON — Mrs. Curney Converse of RD 2, Columbiana, chairman of the Columbiana County Rural Health and Safety Council, announces a meeting of the executive committee Tuesday night at 8:30 at the Courthouse. Plans will be completed for the quarterly meeting of the Council July 28 at the parish hall of St. George's Catholic Church.

Ohio's Truck Axle Tax Looms As Big Issue In Legislature

COLUMBUS, Ohio (AP)—Efforts to revise or repeal Ohio's axle-tax on trucks looms as a major issue in the 1955 legislature. Members seeking re-election generally agree to that.

But Sen. Thomas Lowell Fess of Yellow Springs asserts it will be more than that. He foresees a battle royal. And the sandy-haired son of the late U. S. Sen. Simeon D. Fess expects to be in the thick of it.

The 1953 Republican-controlled legislature enacted the levy to help pay for a half-billion dollar highway building program. Democratic Gov. Frank J. Lausche supported the principle of the tax based on the weight of a truck and the distance it travels.

Lausche has called for time to let the levy prove itself but truckers and those in their corner claim the tax hurts too much to wait.

Under the tax, it costs trucks with more than two axles from one-half to 2½ cents a mile to use Ohio roads.

On the subject of the truck tax, Fess currently is saying 'I told you so" to anyone who will listen. A Republican, he seeks re-election in the 5th-6th senatorial district composed of Greene, Fayette, Clinton, Highland and Ross counties. He formerly served four terms in the Ohio House from 1945 through 1952.

Fess recalls his speech opposing the axle tax on the day the state Senate passed it. "And what I said then has come true," he insists.

In addition, fess deported that a trucker was refused a refund on a duplicate payment made by mistake on grounds the law failed to provide for such refunds.

But State Tax Commissioner Stanley J. Bowers says the refund of more than $200 will be made soon. He said the law provides for refunds on payments for more truck axles than actually used. He explained that duplicate payments fall within that refund category.

Fees points to state reports showing that axle tax revenue from Oct. 1 its effective date to mid-June totaled only $5,813,679. Administrative costs and refunds come out of that.

Here is what Fess said in his Senate speech last year:

"The highway department has said the bill will produce 19 million dollars. In the hearings before the taxation committee, considerable doubt was cast upon the accuracy of those figures. In New York, before their weight-distance tax was adopted, revenue estimates were made on about the same basis as those submitted to us. They wede told in New York they would get 20 million dollars or more per year. But they have been able to collect only about half that amount. Why deceive ourselves?"

Recalling that he warned against administration, collection and auditing difficulties, Fess asserted his latest information indicated it may take Ohio nearly two years to work out those probiems.

The senator said 15 states have taken retaliatory action against Ohio because of the tax and recalled this part of his speech:

"If this bill must be adopted, we should make doubly sure that it has an adequate reciprocity clause. In that way only can we prevent adverse effects of multiple state taxation upon the free flow of commerce. In that way only can we avoid bring down upon the citizens of our state the retaliatory action of other states."

Fess said the Ohio Trucking Assn. named six firms that have moved to other states because of the axle tax and reciprocity problems. Three of them formerly were in Akron. The others were in Cincinnati, Steubenville and Columbus.

He said other trucking firms have left the state but do not want it generally known yet for fear of reprisal from tax officials.

Fess then quoted this portion of his speech:

"Mark my words, I repeat that if this bill passes in its present form you can expect the large trucking companies to move out of the state and the smaller trucking companies to go out of business."

Bringing himself up to date, Fess observed: "That is just what some small truckers have done."

156 Pass Ohio State Dental Examinations

COLUMBUS, Ohio (AP)—The Ohio State Dental Board today announced the names of 156 persons who were successful in the recent state examinations for dentists.

No grades were announced, but the announcement said these 10 received the highest grades:

FARM GROUP TO MEET

LISBON—The Columbiana County Agricultural Council will hold ts regular meeting at Willow Grove Park at Lisbon Monday night at 8:30. Miss Jean Stitle, home demonstration agent, will show slides of her trip to Norway. E. C. Holloway, president, will conduct business.

CLEAN SWEEP — Prisoner Fred Ward shows one of his first plastic nylon washers in the Colorado state prison at Canon City. A former Denver auto tycoon, Ward is serving a prison term for embezzlement and hopes to pay off a $1.3 million debt by time he is discharged in 1956. Already some 2500 washers per day are being turned out and Ward hopes to up the number to a quarter million per month.

Dr. Sockman, Caniff To Receive Awards

COLUMBUS, Ohio (AP)—Dr. Ralph Sockman, New York City Methodist minister, and cartoonist Milton annual Octobor Meeting of the 1954 Ohioana Career Medals at the annual October metin of the Martha Kinney Cooper Ohioana Library Assn.

The awards are made to honor outstanding Ohioans whose careers have added distinction to the Buckeye heritage.

Dr. Sockman is a native of Mount Vernon, Ohio, and is pastor of Christ Church in New York.

Caniff is the artist who created the cartoon strips "Steve Canyon" and "Terry and the Pirates." Before becoming a syndicate artist, he was a member of The Columbus Dispatch staff.

Romance Is All Right, But Not This Way

STRASBURG, Va. (AP) — State Trooper William Berry doesn't frown on back-seat romancers in automobiles, as a general rule. But he sometimes makes an exception.

Like yesterday, for instance. Berry arrested the drivers of two cars on reckless driving charges when he saw a girl on the rear seat of one of the cars embracing a fellow on the back seat of the other. The cars were moving side by side at about 40 m.p.h.

Due for trial justice court hearings July 16 are drivers Allen C. Hill of Norristown, Pa., and Mrs. Cartherine Black of Alexandria, Va.

Berry didn't place any charges against the lovebirds, whom he wouldn't identify.

OLDEST CITIZEN DIES

IVA, S.C. (AP)—"Aunt Anna" Hatten, 104, who was Anderson County's oldest citizen, was buried here today.

Nearly 400 living great-grandchildren and grandchildren attended the funeral.
